Dedication

I dedicate my dissertation work to my family and many friends. A special feeling of gratitude to my loving parents, Zhilian Xiao and Liuyan Xiao whose words of encouragement and push for tenacity ring in my ears.

I also dedicate this dissertation to my dear academic advisor, Xiuzhen Cheng who has dedicated a significant portion of her time guiding my research direction, inspiring my thoughts and ideas, and revising my academic papers.

Finally, I dedicate this work and give special thanks to my laboratory group members and friends who assisted me on accomplishing this dissertation.

Acknowledgments

I wish to thank my committee members who were more than generous with their expertise and precious time. A special thanks to Prof. Xiuzhen Cheng, my dissertation director for her countless hours of reflecting, reading, encouraging, and most of all patience throughout the entire process. Thank you Prof. Hyeong-Ah Choi, Prof. Arkady Yerukhimovich, and Prof. Xiang Chen for agreeing to serve on my committee.

I would like to acknowledge and thank my school division for allowing me to conduct my research and providing any assistance requested. Special thanks goes to the members of staff development and computer science department for their continued support.

Finally I would like to thank the beginning teachers, mentor-teachers and administrators in our school division that assisted me with this project. Their excitement and willingness to provide feedback made the completion of this research an enjoyable experience.
